III. THE FEI CODE OF CONDUCT FOR THE WELFARE OF THE HORSE

The Fédération Equestre Internationale (FEI) expects all those involved in international equestrian sport to adhere to the FEI's Code of Conduct and to acknowledge and accept that at all times the welfare of the horse must be paramount and must never be subordinated to competitive or commercial influences.

1. At all stages during the preparation and training of competition horses, welfare must take precedence over all other demands. This includes good horse management, training methods, farriery and tack, and transportation.
2. Horses and Athletes must be fit, competent and in good health before they are allowed to compete. This encompasses medication use, surgical procedures that threaten welfare or safety, pregnancy in mares and the misuse of aids.
3. Events must not prejudice horse welfare. This involves paying careful attention to the competition areas, ground surfaces, weather conditions, stabling, site safety and fitness of the horse for onward travel after the event.
4. Every effort must be made to ensure that horses receive proper attention after they have competed and that they are treated humanely when their competition careers are over. This covers proper veterinary care, competition injuries, euthanasia and retirement.
5. The FEI urges all involved with the sport to attain the highest levels of education in their areas of expertise.

The Long version of this Code can be obtained from the Fédération Equestre Internationale, HM King Hussein I Building, Chemin de la Joliette 8, 1006 Lausanne, Switzerland. Telephone: +41 21 310 47 47. The Code is available in English. The Code is also available on the FEI's website: http://inside.fei.org/.

Each Athlete is allowed to take part with one (1) horse in the LGCT Super Grand Prix competition. Each Athlete can also bring a 2nd horse to compete in the individual classes held in conjunction with the GCL Play-off at the same

venue.

Horses entered for the LGCT Super Grand Prix competition are permitted to take part in the individual competitions or in the GCL Team competition if a member of a GCL team on days other than the day the LGCT Super Grand Prix competition.

Number of horses per Athlete:

The number of horses an athlete will be allowed to bring to the GC Playoffs will depend on each individual athlete's personal type of involvement in the event, to be defined in detail as follows:

Option 1:

Athletes, qualified for participation in the 2026 LGCT Super Grand Prix, not being a 2026 GCL Team member at all and consequently not competing in any of the 2026 GC Playoffs competitions.

Eligibility

These athletes can bring two horses maximum to the Event, in order to compete in the individual competitions held in conjunction with the GC Playoffs. The athlete will decide by the deadline for declarations for the LGCT Super GrandPrix (as stipulated in the event's official schedule) which horse will be entered on his/her behalf for the LGCT Super Grand Prix competition.

Option 2:

Athletes, qualified for participation in the 2026 LGCT Super Grand Prix, also being a member of a GCL Team qualified for the 2026 GC Playoffs and being selected as such by the Team Manager as one of the three or four Athletes on behalf of that particular GCL team and being entered with two horses for the 2026 GC Playoffs.

Eligibility

These athletes can bring two horses to the Event, in order to compete with in the 2026 GC Playoffs competitions and in the individual competitions held in conjunction with the GC Playoffs.

In addition they can bring a third horse to compete with in the individual competitions held in conjunction with the GC Playoffs on days other than the day of the 2026 LGCT Super Grand Prix competition, as well as in the 2026 LGCT Super Grand Prix competition. They must decide by the deadline for declarations for the LGCT Super Grand Prix (asstipulated in the event's official schedule) at the latest, which horse (of the three horses available) will be entered on their behalf for the LGCT Super Grand Prix competition.

The third (non-GC Playoffs) horse will however not be eligible for participation in any of the competitions for the 2026 GC Playoffs, even in case one of the athlete's other horses does not pass the Horse Inspection or is declared unfit to compete during the course of the event. The third (non-GC Playoffs) horse must therefore be designated as such in writing at the declarations office by the Team Manager, at the latest one hour before the Event's official Horse Inspection.

For clarity's sake: The other way around, should the third (non-GC Playoffs) horse not pass the official Horse Inspection, become unfit to compete during the course of the event or if deemed appropriate for any reason by the Athlete concerned, he/she can enter one of his/her other horses, present at the event, for the LGCT Super Grand Prix competition.

Option 3:

Athletes, qualified for participation in the 2026 LGCT Super Grand Prix, also being a member of a GCL Team qualified for the 2026 GC Playoffs and being selected by the Team Manager as one of the the four Athletes entered on behalf of that particular GCL team for the 2026 GC Playoffs, however with one horse only.

Eligibility

They must decide by the deadline for declarations for the LGCT Super Grand Prix (as stipulated in the event's official schedule) at the latest, which horse will be entered on their behalf for the LGCT Super Grand Prix competition.

The second (non-GC Playoffs) horse will however not be eligible for participation in any of the competitions for the 2026 GC Playoffs, even in case the athlete's other horse does not pass the Horse Inspection or is declared unfit tocompete during the course of the event. The second (non-GC Playoffs) horse for the Athlete concerned must therefore be designated as such in writing at the declarations office by the Team Manager, at the latest one hour before the Event's official Horse Inspection.

For clarity's sake: The other way around, should the second (non-GC Playoffs) horse not pass the official HorseInspection, become unfit to compete during the course of the event or if deemed appropriate for any reason by theAthlete concerned, he/she can enter the other horse present at the event for the LGCT Super Grand Prix competition.

Option 4:

Athletes, qualified for participation in the 2026 LGCT Super Grand Prix, also being a member of a GCL Team qualifiedfor the 2026 GC Playoffs, however not being selected by the Team Manager as one of the three or four Athletes being entered on behalf of that particular GCL team for the 2026 GC Playoffs and consequently not competing in any of the 2026 GC Playoffs competitions.

Eligibility

These athletes can bring two horses maximum to the Event, in order to compete in the individual competitions held in conjunction with the GC Playoffs. The athlete will decide by the deadline for declarations for the LGCT Super Grand Prix (as stipulated in the event's official schedule) which horse will be entered on his/her behalf for the LGCT Super Grand Prix competition.

Under no circumstances these athletes will – during the Event – yet become eligible for participation in any of the competitions for the 2026 GC Playoffs, even in case one of the athletes of the GCL Team concerned becomes unfit to compete during the course of the event and/or in case one (or more) of his/her GCL team's horses do not pass the official Horse Inspection or will be declared unfit to compete during the course of the Event.

All Horses selected to be tested must submit promptly to the examination or are subject to immediate disqualification. There is no obligation to examine any specific number of Horses at an Event.

Horses may be selected for sampling in accordance with obligatory testing, targeted or random sampling procedures. Refer to FEI Financial Charges for details of fees relating to Equine and Human Anti-Doping program (EADCMP), which OCs/NFs have the right to charge to the athlete (applicable for all FEI events worldwide).

8.2 ELECTIVE TESTING (FEI VETERINARY REGULATIONS ARTICLES 1056)

Organisers will have the responsibility to provide facilities and staff/volunteers to facilitate such Testing if requested by the FEI as outlined in article 22.3 of the FEIs' Anti-doping Rules for Human Athletes (ADRHA).

XIV. ADDITIONAL INFORMATION

1. INSURANCES AND NATIONAL REQUIREMENTS

Equestrian sports involve inherent dangerous risks. To the greatest extent permitted by law, the FEI and the FEI Event Organiser shall NOT be liable for any damages relating to loss of property or injury of any kind to Athletes, Owners, Support Personnel or Horses at or in connection with an FEI Event and the FEI expressly excludes all such liability.

1.1 ATHLETES, OWNERS AND SUPPORT PERSONNEL

1.1.1 Personal accident and health insurance

It is your responsibility as an Athlete/Owner/ Support Personnel to ensure that you have adequate personal accident insurance in place to cover your participation at FEI Events and in particular to insure against any personal injury or medical expenses arising from an accident, injury or illness which may occur at a FEI Event.

You should check with your National Federation to confirm if your National Federation's insurance policy (if any) covers personal accidents and/or illnesses which may occur when you are attending/participating in FEI Events.

If your National Federation does not have a personal accident/health insurance policy or if the National Federation's insurance policy does not cover personal accident or health claims, then you should obtain your own personal accident and health insurance policy to cover your attendance/participation at FEI Events.

1.1.2 Personal property insurance

You should also ensure that you are insured against property loss, theft or damage, which may occur at an FEI Event.

Again, the advice is to check with your National Federation to confirm if they have an insurance policy in place, which would cover you in case of such property loss, theft or damage. If not, then you should obtain your own personal property insurance to cover such situations.

1.1.3 Press equipment

Press equipment and other items left in the Press workroom, Press lockers, the Press Tribune or anywhere on the showgrounds are left entirely at the owner's risk. The Organising Committee does not accept any responsibility for any loss or damage to such equipment or items. Members of the Press are advised not to leave any equipment or personal items unattended.

1.2 ATHLETES AND OWNERS

1.2.1 Third party liability insurance

As an Athlete/Owner you are personally responsible for damages to third parties caused by you, your employees, Support Personnel, your agents or your Horses. You are, therefore, strongly advised to take out third-party liability insurance providing full coverage in relation to FEI Events at home and abroad, and to keep the policy up to date.

The FEI and the Organiser will NOT be responsible for any damage caused to third parties by you, your employees, Support Personnel, your agents or your Horses.

1.2.2 Additional liability information

Transport and travel Insurance (including flight insurance) for horses, riders and grooms:

Riders are responsible for arranging their own travel and transport insurance. The LGCT and event organizer strongly advise all riders take care of travel and transport insurance for the rider, groom, and horse(s).

Medical insurance for riders and grooms:

Riders and grooms are responsible for arranging their own medical insurance. The LGCT and event organizer strongly advise all riders take care of medical insurance for the rider and groom.

The Organising Committee and its commissioners will NOT be responsible for any damage caused by or to athletes,

their horses, owners, NF officials, their employees/grooms or their representatives.

Travelling, residing and participating is at own risk for athletes, grooms, owners and other accompanying persons. Horses travel, reside and compete at athletes'/owners' risk. Neither the OC, nor the Shipping Agent accepts any responsibility for any accident or illness that may befall any horse, competitor, groom or any other person. The same applies in case of damage to cars, saddler, utensils and all other object (including damage resulting from theft, loss, fire). NF's/riders are responsible to ensure that each participating horse is insured for a sufficient amount to cover any eventuality that can occur during or in relation to the event.

1.2.3 Horse insurance

As an Owner you should ensure that your Horses are adequately insured against any injuries or illnesses they may sustain while participating at a FEI Event.

Transport and travel Insurance (including flight insurance) for horses, riders and grooms:

Riders are responsible for arranging their own travel and transport insurance. The LGCT and event organizer strongly advise all riders take care of travel and transport insurance for the rider, groom, and horse(s).

The Organising Committee and its commissioners will NOT be responsible for any damage caused by or to athletes, their horses, owners, NF officials, their employees/grooms or their representatives.

Travelling, residing and participating is at own risk for athletes, grooms, owners and other accompanying persons. Horses travel, reside and compete at athletes'/owners' risk. Neither the OC, nor the Shipping Agent accepts any responsibility for any accident or illness that may befall any horse, competitor, groom or any other person. The same applies in case of damage to cars, saddler, utensils and all other object (including damage resulting from theft, loss, fire). NF's/riders are responsible to ensure that each participating horse is insured for a sufficient amount to cover any eventuality that can occur during or in relation to the event.

2. PROTESTS / APPEALS

To be valid, all Protests and Appeals must be made in writing and accompanied by a deposit of CHF 150.- or equivalent, as mentioned in the FEI General Regulations (Art. 161-162) available at the following link:

https://inside.fei.org/content/general-regs-statutes

3. SCHOOLING DURING COMPETITIONS

Athletes wishing to do a training round in Competitions Against the Clock under Table A or C must inform the OC at the time of submission of declarations. Those wishing to do a training round will start first in the Competition. Athletes not complying with the above may be Eliminated by the Ground Jury (see JRs Art 263.5.4).

4. STEWARDING

- If an athlete is uncertain as to whether the boots they intends to use during an event are allowed, they or their representative should show the boots to the Chief Steward for their opinion before the boots are used in training or in competition.
- In addition, athletes are to be made aware that hind boots must be removed and placed again on the horse's legs in the presence of a Steward while in the warm-up arena prior to entering the competition arena for certain competitions. (If bandages are used in place of boots, athletes are not required to remove the bandages in the warm-up arena.) This procedure is compulsory for competitions for which boot and bandage control is mandatory, that is the Nations Cup, Grand Prix, and the competition with the highest prize money, and is at the discretion of the Chief Steward for other competitions.
- As an alternative to carrying out this procedure at the time designated by the Steward an athlete may ask their groom to take the boots to the in-gate and place them on the horse's legs in front of the Steward prior to the combination entering the arena.
- The Steward has the authority to intervene if a boot is deemed excessively tight by instructing that the boot be removed and put on again correctly. [Stewards are to note that it is normal for a horse's gait to be somewhat affected immediately after boots have been removed and re-placed.] If an athlete or his/her groom refuses to remove and re- place the boot(s) when instructed to do so by the Steward, a Yellow Warning Card will be issued to the athlete in question.
- If it is deemed impossible or unsafe to remove the hind boots in the warm-up arena prior to the combination entering the competition arena, due to an extremely excited or nervous horse, the boots of the horse in question are to be removed by

the athlete/groom following the athlete's round upon leaving the arena and inspected by the Steward. This inspection may be carried out during the boot and bandage control if the boot and bandage control is carried out for the competition in question.

- This procedure does not replace boot and bandage control after completion of an athlete's round for competitions for which boot and bandage control is mandatory (refer to JRs Art. 266).

5. DISPUTES

In the event of any discussion concerning the interpretation of the schedule (in translated languages), the English version will be decisive.

6. MODIFICATION TO SCHEDULE

In exceptional circumstances, together with the approval of Chefs d'Equipe, host NF delegate, if any, and the Ground Jury, the Organiser may change the schedule in order to clarify any matter arising from an omission or due to unforeseen circumstances. Any such changes must be notified to all athletes and officials as soon as possible and they must be reported to the FEI Secretary General by the Technical Delegate, the President of the Ground Jury or the Foreign Judge, as applicable.

7. ADDITIONAL INFORMATION FROM THE ORGANISER

Neither the OC accepts any responsibility for any accident or illness that may befall any horse, competitor, groom or any other person. The same applies in case of damage to cars, saddler, utensils and all other object (including damage resulting from theft, loss, fire). NF's/riders are responsible to ensure that each participating horse is insured for a sufficient amount to cover any eventuality that can occur during or in relation to the event.

DOGS: Because of veterinary order, DOGS ARE NOT ALLOWED ON THE SHOW GROUNDS AND STABLES

IMAGES AND NAME

Athletes agree that their name and image and any photographs and moving images taken of them at the Event may be used by the FEI and/or OC for the purpose of publicising the Event and/or Global Champions Tour and Global Champions League and promoting the sport.

The Organising Committee reserves the right to use – without any compensation due – photographs, videos or any other digital registered picture from athletes and/or horses, made or registered during the event], for promotional and/or marketing purposes, related to the event. It is a condition of entry that all athletes will permit any photographic or filmed material derived during the course of the event, to be utilised subsequently by the Organising Committee for future promotion of their business interests or the event, at no cost to the latter.

Veterinary and medical assistance, as well as farriery services, are available for the duration of the event. These are at the expense of those requesting them.

Competitors and others involved in the event must make themselves conversant with this official schedule's content, in addition to the special conditions applicable to the various competitions.

Athletes may only compete on the understanding that they comply with and are bound by these regulations and the special conditions relating to each competition. By entering a horse into the event, the Person Responsible fully accepts the conditions of the official schedule and of the program itself, applicable to the athletes, grooms, horse owners and the horses.

In the event of a cancellation of a competition due to a force majeure event (such as extreme weather conditions, pandemic, etc) and provided the cancelled competition(s) cannot be rescheduled at the Event, there will be no ranking points, no standing/classification, and no Minimum Eligibility Requirements for said competitions. In addition, the Organiser has no obligation to pay the prize-money (or a portion of it) for a cancelled competition.

In case of a tie for the 13th place in a competition with 13 to 48 starters, the prize money foreseen for the 13th place will be divided equally among the athletes concerned.

For Competitions run in two rounds with more than 13 starters in 2nd round:
OCs that indicate in the schedule that a specific number (that is more than 13) of athletes will return for the second round will be permitted to distribute the prize money for that competition among all the athletes taking part in the second round, even if the second round is followed by a jump-off in case of a tie on penalties for first place after the second round.

DEDUCTIONS FROM PRIZE MONEY AT COMPETITIONS

Full details of any deductions from prize money must be outlined in the schedule. This includes government taxes. If it is necessary for Organisers to deduct such taxes, they must provide participants with an official form indicating the amount of tax deducted.

The tax form must be provided to the athletes upon arrival and returned to the Organiser prior to departing.

IMPORTANT

The total amount of prize money shown for each Competition in the schedule must be distributed. (FEI General Regulations articles 127 and 128)

For details of the prize money breakdown for each competition please refer to the tables at the end of this document; the Organiser must specify which of the two (2) tables will be used. The total prize money for the Competition must be distributed among the first thirteen (13) placed athletes.

The Organiser must provide additional created prizes for athletes placed beyond thirteen (13th) place. The minimum amount for each of these additional prizes, for athletes placed from fourtheenth (14th) to last place, must be clearly specified in the approved schedule and not exceed the prize money of the athlete placed thirteen (13th)

9. MAXIMUM NUMBER OF STARTERS PER COMPETITION

***Annex II FEI Jumping Rules:**

Maximum 100 starters per Competition other than the GP. If more than 100 starters are declared, the OC must split the competition into the number of groups required to ensure that there are no more than 100 starters in any group, and provide the same amount of prize money as indicated

The additional prize money provided by the OC is not taken into consideration with regard to the overall prize money that determines the star level of the Event or the Longines Ranking point group of the Competition, if applicable.

OCs may apply either of the following methods for splitting the Competition:

- The competition is split into the number of groups required before it starts. There may be athletes with multiple horses in each group but all horses of any one athlete must be in the same group. If it is not possible to have groups of equal size there may be a different number of starters in each group;
- The competition is run as one single competition and split afterward into the number of groups required to ensure that there are no more than 100 starters in any group, and the classification established as follows: the athlete with the best score is the winner of the first group, the athlete with the second best score is the winner of the second group and so on until prizes have been allocated to 25% of the total number of starters. NB: In this case separate results must be sent to the FEI for each of the groups, e.g. results for Competition 1a and for Competition 1b (and for Competition 1c if the original Competition was split into three groups, etc).

In both cases above each group must offer the same amount of prize money as indicated for the original Competition. For the avoidance of doubt, it is the number of declared starters in the Competition, not the final number of starters that determines

whether the Competition must be split.

As all FEI World Cup™ Competitions have the status of a Grand Prix, the minimum prize money requirements for the Grand Prix are applicable to the World CupTM Competition.

For CSI-W Events with a Grand Prix Competition in addition to the FEI World CupTM Competition, the minimum prize money requirements indicated for the Grand Prix apply only to the FEI World CupTM Competition; the Grand Prix Competition at such Events cannot offer more prize money than the prize money offered for the FEI World CupTM Competition.
